

**Department:** World Languages

**Course Name:** Advanced Placement (AP) French

**Course Description:** This course is designed for students who are motivated to succeed on the AP French Language and Culture exam and who may wish to continue French study in college or use French in their future careers. To succeed in this course, students should have a strong command of a wide range of verb tenses (present, perfect, conditional, *passé composé*, *imparfait*, future, subjunctive, etc.) and be able to communicate detailed ideas in both speaking and writing. A broad vocabulary and willingness to expand it will be essential, especially in relation to the six major AP themes: families and communities, personal and public identities, beauty and aesthetics, science and technology, contemporary life, and global challenges. The course is primarily conducted in French, and students are expected to use their knowledge and context to understand and communicate ideas, rather than relying on online translators or dictionaries. They will practice reading, listening, speaking, and writing in French to develop fluency, express complex ideas, and respond thoughtfully in a variety of real-world and academic situations. Summer work in AP French is assigned to help students review key grammar, vocabulary, and cultural themes so they can start the year ready to read, write, listen, and speak in French at a college-level pace.

### **Content**

**Grammar:** Primarily review of previously learned grammar, topics are selected as needed to align with the chosen authentic materials.

**Vocabulary:** Vocabulary lists are drawn from authentic reading materials, periodicals, class discussions, and videos. Students will also build a personal word bank based on their work, beginning with summer assignments.

### **Skills:**

- Communicate fluently and accurately in French across a variety of contexts, including personal, academic, social, and professional topics
- Interpret and analyze authentic French-language materials, such as news articles, literature, films, podcasts, and media from French-speaking cultures
- Express opinions, justify ideas, and present arguments both orally and in writing with nuance and clarity
- Narrate, describe, and explain events and situations using multiple verb tenses, including present, *passé composé*, *imparfait*, future, conditional, and subjunctive
- Participate in extended conversations, debates, and discussions on cultural, societal, and global topics
- Write detailed paragraphs, essays, and persuasive compositions, incorporating appropriate grammar, vocabulary, and stylistic techniques
- Compare and contrast cultural practices, perspectives, and social issues across French-speaking regions and the student's own experiences
- Demonstrate understanding of cause-and-effect relationships, hypothetical situations, and complex ideas in both spoken and written French
- Develop critical thinking and interpretive skills by analyzing texts, media, and authentic resources in French
- Apply vocabulary and grammar knowledge independently to convey ideas, respond to prompts, and communicate effectively in unfamiliar contexts
